

BRAVENLY GLOBAL®

*easy-ship policy*

For Ambassadors and Brand Partners, Easy-Ships are either set up at the time of enrollment by choosing products that are under the Easy Ship list OR by logging into their back office and creating a new profile.

Retail Customers have the option to select a check box at the time of enrollment that creates an Easy Ship out of those products.

At the time of checkout, whether you're signing up as a Retail Customer, Ambassador, or Brand Partner, you are given the option with **clear disclosure** to set up the items in your cart for Easy-Ship. When you add products to your Easy-Ship, the price that you are charged for the products the first time is the price you will continue to pay as long as your Easy-Ship is activated.

To avoid any recurring charges & product shipments, simply forgo setting up an Easy-Ship at all or log in to your account to cancel, edit, or delete your profile.

By choosing the Easy-Ship option at enrollment or creating a profile (an Easy Ship order) **later**, you are stating that you understand and agree to the affirmative consent you gave Bravenly Global to charge you for the respective items in your cart **at the time of check** out if created at enrollment, as well as **monthly** from here on out, until canceled. By setting up and activating a Bravenly Easy-Ship profile, you are stating that you understand and agree to the Easy-Ship Cancellation Policy, which states that in order to STOP any further charges and shipments you **must cancel** your Easy-Ship within 48 hours of your next Easy-Ship process day.

Easy-Ship is the best way for you to get products to your front door every month without a hassle! But don't worry, we don't require it.
